VA medical technologists ensure that Veterans receive the high-quality care they need and deserve.

Their exceptional care involves performing tests, evaluating the results and providing ongoing assessment using independent judgment. Medical technologists help solve complex challenges as integral members of Veteran-centered care teams.

)1⊠ is a program for aspiring medical technologists seeking fulfilling careers improving the lives of those who've served our nation. In return, selected applicants agree to join VA's full-time team after graduation.
